COMPLAINT

Plaintiff-Relator Rufus Aylwin ("Relator"), by and through his undersigned counsel, for his Complaint against Defendant, Gardner-Gibson, Inc. (hereinafter "Defendant"), alleges on behalf of the United States of America, as follows:

1. Defendant has engaged in fraud against the United States in violation of the False Claims Act, 31 U.S.C. § 3729 *et seq.* (the "FCA" or the "Act") by evading certain customs duties owed to the United States Government as a result of Defendant's knowing failure to properly mark its imported roofing underlayment, or packaging therefor, with country of origin information in violation of U.S. law, specifically Section 304(a) of the Tariff Act of 1930, *as amended*, 19 U.S.C. § 1304(a). In the process, Defendant knowingly submitted false information to the Government and otherwise engaged in material acts and/or omissions to conceal the amount of marking duties the company owes, as well as the true origin of its imported product, in the process depriving the United States Government of revenues to which it is due.

2. Defendant and/or its agents and employees have violated the FCA, 31 U.S.C. § 3729 *et seq.*, by knowingly making, using, or causing to be made or used, false records and statements material to obligations to pay or transmit money or property to the Government, and by knowingly concealing and knowingly and improperly avoiding or decreasing obligations to pay or transmit money or property to the Government.

3. This is an action to recover customs marking duties on behalf of the Government, pursuant to 31 U.S.C. § 3729 and 19 U.S.C. § 1304(i), arising from Defendant's systematic practice of evading and/or causing the evasion of certain payment obligations due to the Government upon importation by material statements or omissions.

COMPLAINT

NEVILLE PETERSON LLP
500 YALE AVE. N., STE. 221
SEATTLE, WA 98109
(206) 518-9335

1 **PARTIES**

2 4. Relator Rufus Aylwin is an individual, a citizen of the United States, who lives near
3 Portland, Oregon. Relator is experienced in the construction products industry, and is also
4 experienced in the international trade of such products, particularly roofing products. Relator is
5 aware of the country of origin marking requirements applicable to imported products, including
6 those at issue in this Complaint. Based on Plaintiff-Relator's years of experience in the industry,
7 knowledge of the importing process, personal observations of Defendant's products in the United
8 States and in China, and his familiarity with the laws of the United States regarding country-of-
9 origin markings and marking duties, Plaintiff-Relator learned that Defendant had imported into the
10 United States products of Chinese origin with no country-of-origin markings, and has sold and/or
11 offered such products for sale in the United States.
12

13
14 5. Defendant Gardner-Gibson Inc. is a privately held company with headquarters in
15 the State of Florida. Defendant is a manufacturer and importer of various residential and
16 commercial building materials, including roofing and siding products, roofing underlayment
17 materials, sealants, accessories, and interior products.
18

19 6. Defendant Gardner-Gibson is the owner or licensee (licensed importer) of several
20 trademarks (registered to Allied Building Products LLC, of Herndon, VA) associated with certain
21 construction products, including: "Tri-Built" (USPTO serial nos. 87845589; 4806569; 77888135;
22 76620693; 76535016); "Tri-Built Materials Group" (USPTO serial no. 77860351); and "T Tri-
23 Built" (USPTO serial nos. 76620690).
24

25 **JURISDICTION AND VENUE**

26 7. This Court has subject matter jurisdiction over this action pursuant to 28 U.S.C.
27 § 1331 and 31 U.S.C. §§ 3730(b), 3732.
28

COMPLAINT

NEVILLE PETERSON LLP
500 YALE AVE. N., STE. 221
SEATTLE, WA 98109
(206) 518-9335

1 8. This Court has jurisdiction over Defendant by virtue of Defendant's regular
2 transaction of business within the Western District of Washington, which serves as the basis for
3 this Complaint.

4
5 9. Venue is proper in this District pursuant to 28 U.S.C. § 1391 and 31 U.S.C. § 3732
6 because Defendant regularly transacts business within this District, and certain of the false and
7 fraudulent acts complained of herein took place in this District. Specifically, Defendant regularly
8 files import entries at the Port of Seattle, WA, which is located in the Western District of
9 Washington.

10
11 **Goods Imported into the United States Must be Marked in Accordance with**
12 **19 U.S.C. § 1304**

13 10. Section 304(a) of the Tariff Act of 1930, as amended, 19 U.S.C. § 1304(a), provides
14 (with exceptions not relevant here) that all articles of foreign origin imported into the United States,
15 or their packaging, "shall be marked in a conspicuous place as legibly, indelibly, and permanently
16 as the nature of the article (or container) will permit in such manner as to indicate to an ultimate
17 purchaser in the United States the English name of the country of origin of the article." *Id.* The
18 required country of origin marking must be sufficiently permanent, legible and conspicuous to
19 communicate the country of origin of the merchandise to the "ultimate purchaser" in the United
20 States, that is the last person in the United States who will receive the imported merchandise in its
21 condition as imported. *Id.*

22
23 11. The purpose of the country of origin marking requirement in 19 U.S.C. § 1304(a)
24 is to inform an ultimate purchaser in the United States of a foreign article's country of origin lest
25 that information influence the purchaser's decision to buy or not buy the goods. *United States v.*
26
27
28

COMPLAINT

NEVILLE PETERSON LLP
500 YALE AVE. N., STE. 221
SEATTLE, WA 98109
(206) 518-9335

1 *Friedlaender & Co.*, 27 CCPA 297, C.A.D. 104 (1940); *Koru North America v. United States*, 701
 2 F. Supp. 229 (Ct. Int'l Tr. 1988); and *Globemaster, Inc. v. United States*, 68 Cust. Ct. 77 (1972).

3 12. Goods which are not marked with country of origin as required by 19 U.S.C.
 4 § 1304(a) are "restricted merchandise" and are subject to exclusion from United States commerce.
 5 19 C.F.R. § 134.3 ("[d]elivery withheld until marked and redelivery ordered"); *see also*, 19 C.F.R.
 6 § 141.113(a)(1)(i) ("[r]ecall of merchandise released from Customs and Border Protection
 7 custody").
 8

9 13. Section 304(i) of the Tariff Act of 1930, as amended, which is the best evidence of
 10 its contents, provides for imposition of a ten (10) percent *ad valorem* additional duty on all
 11 imported goods which are entered into the United States without being marked pursuant to 19
 12 U.S.C. § 1304(a). Section 304(i) (emphasis added) provides:
 13

14 (i) Additional duties for failure to mark. If at the time of importation any article
 15 (or its container, as provided in subsection (b) of this section) is not marked in
 16 accordance with the requirements of this section, and if such article is not exported
 17 or destroyed or the article (or its container, as provided in subsection (b) of this
 18 section) marked after importation in accordance with the requirements of this
 19 section (such exportation, destruction, or marking to be accomplished under
 20 customs supervision prior to the liquidation of the entry covering the article, and to
 21 be allowed whether or not the article has remained in continuous customs custody),
 22 there shall be levied, collected, and paid upon such article a duty of 10 per centum
 23 *ad valorem*, which shall be deemed to have accrued at the time of importation, shall
 24 not be construed to be penal, and shall not be remitted wholly or in part nor shall
 25 payment thereof be avoidable for any cause. Such duty shall be levied, collected,
 26 and paid in addition to any other duty imposed by law and whether or not the article
 27 is exempt from the payment of ordinary customs duties. The compensation and
 28 expenses of customs officers and employees assigned to supervise the exportation,
 destruction, or marking to exempt articles from the application of the duty provided
 for in this subsection shall be reimbursed to the Government by the importer.

14 14. If improperly marked goods are imported and discovered by customs officials, an
 15 importer has three options: the importer may (1) re-export the goods, (2) destroy them, or (3) mark
 16 them appropriately so that they may be released from the custody of the United States Government
 17
 18

COMPLAINT

NEVILLE PETERSON LLP
 500 YALE AVE. N., STE. 221
 SEATTLE, WA 98109
 (206) 518-9335

1 for sale in the domestic market. *United States ex. Rel. Customs Fraud Investigations v. Victaulic*
 2 *Inc.*, 839 F.3d 242 (3d Cir. 2016).

3 15. Customs officials at United States ports of entry are unable to inspect every import;
 4 and they rely primarily on importers to self-report any duties owed and to identify and report on
 5 any goods that are unmarked or improperly marked.
 6

7 16. In those instances where improperly marked goods enter the stream of commerce
 8 in the United States, the marking duty is due, retroactive to the time of importation. 19 U.S.C.
 9 § 1304.
 10

11 17. Imposition of the duty is non-discretionary since, by statute, such marking duties
 12 “shall not be remitted wholly or in part nor shall payment thereof be avoidable for any cause.” 19
 13 U.S.C. § 1304(i). In setting forth this regulatory scheme, Congress specifically stated in § 1304(i)
 14 that marking duties “shall be deemed to have accrued at the time of importation, shall not be
 15 construed to be penal, and shall not be remitted wholly or in part nor shall payment thereof be
 16 avoidable for any cause.” *Id.* (emphasis added).
 17

18 18. On information and belief, since at least 2017, Defendant has imported, at the Port
 19 of Seattle, Washington, numerous consumption entries of roofing underlayment products, made in
 20 the People’s Republic of China (“PRC”), for sale to United States consumers in the United States.
 21 On information and belief, the underlayment products are manufactured in the PRC by a company
 22 known as Ningbo East Composite Materials, at a factory located at 459 GuShin DaDao Road,
 23 QuanDaoHu288, Qu Hing Do. Road, ChunAn, Zhejiang, China, and are exported by Chunan
 24 Kaidun International Trading Company, or China Electronics Zhejiang Company, and are
 25 consigned to “Gardner Asphalt Corporation, 4161 East 7th Avenue, Tampa, Florida.”
 26
 27
 28

COMPLAINT

NEVILLE PETERSON LLP
 500 YALE AVE. N., STE. 221
 SEATTLE, WA 98109
 (206) 518-9335

1 19. U.S. imports arriving by ship present “manifests” of import cargo, and data from
2 the ships’ manifests can be obtained in 24-hour cycles from U.S. Customs and Border Protection’s
3 (“CBP”) Automated Manifest System (“AMS”). Various commercial entities offer this import
4 data for purchase via electronic databases that are made available to registered users at a significant
5 fee.
6

7 20. Plaintiff-Relator used the expensive fee-based subscription service “Datamyne” to
8 obtain ships’ manifest data for imports by Defendant. Defendant is not aware of any trade journals
9 that did, or even would have, published the Defendant’s import data that Plaintiff-Relator was able
10 to obtain through its targeted, specialized searches and detailed reviews of the results therefrom.
11

12 21. Upon obtaining access to Datamyne’s database, Plaintiff-Relator had to formulate
13 a search query that would provide meaningful results, which requires sophisticated knowledge of
14 automated ship manifest databases, including bills of lading and the fields populated therefrom, as
15 well as an understanding of the Harmonized Tariff Schedule of the United States (“HTSUS”)—a
16 sophisticated system for the classification of goods imported into the country.
17

18 22. After considering various terms, or ranges of terms, that could be queried in the
19 Datamyne database, and after reviewing the range of fields that could be searched, Plaintiff-Relator
20 conducted its search using the name of the consignee, “Gardner Gibson,” “Gardner” and variations
21 on those words, and then compared results to descriptions of products appearing on ocean bills of
22 lading, points of origin, and intended points of destination. A “consignee” is the entity that takes
23 possession of goods when they enter U.S. customs territory.
24

25 23. Plaintiff-Relator’s query resulted in a database of import entries where Defendant
26 was the goods’ consignee. The results of Plaintiff-Relator’s initial query are shown in Exhibit A.
27 Plaintiff-Relator then personally reviewed the narrative description for every import entry in
28

COMPLAINT

NEVILLE PETERSON LLP
500 YALE AVE. N., STE. 221
SEATTLE, WA 98109
(206) 518-9335

1 Exhibit A, and culled through line by line to isolate the violative, unmarked goods—a crucial step
2 that again required application of Plaintiff-Relator's specialized knowledge and experience. In all
3 instances, Plaintiff-Relator took a conservative approach and only included entries with product
4 descriptions or other identifying information leading to the conclusion that the entry was unmarked
5 roofing underlayments.

6
7 24. Upon executing and completing the above multi-step process was Plaintiff-Relator
8 able to obtain a usable database from which Defendant's imports could then be segregated and
9 tabulated by country and from which Plaintiff-Relator could draw reliable conclusions. The results
10 of this analysis are captured in Exhibit A.

11
12 25. Ultimately, Plaintiff-Relator's import analysis showed that, at least since 2017,
13 Defendant has imported a large quantity of roofing underlayment manufactured in the PRC, as
14 depicted in Exhibit A. On information and belief, defendant continues to import significant
15 quantities of roofing underlayment which are not marked to show country of origin.

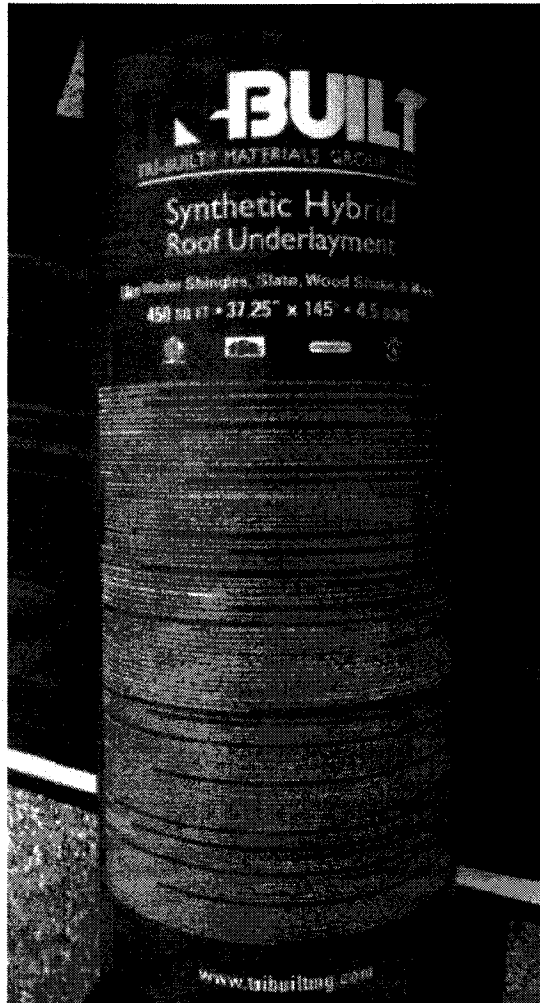

16
17 26. On information and belief, the merchandise imported under cover of the entries
18 which are the subject of the shipments shown in Exhibit A, consisted, in whole or in part of rolls
19 of "Tri-Built Synthetic Hybrid Roof Underlayment," which is imported by Defendant and then
20 sold to Tri-Built Materials Group, LLC, a subsidiary of Allied Building Materials, Inc., which
21 resells them to ultimate purchasers in the United States. Given its physical properties and
22 characteristics, the underlayment product is primarily sold in the Pacific Northwest region of the
23 United States.

24
25 27. On information and belief, the Chinese-origin underlayment which is the subject of
26 those entries was not marked, either directly, or on its packaging, to show China as the country of
27

28 COMPLAINT

NEVILLE PETERSON LLP
500 YALE AVE. N., STE. 221
SEATTLE, WA 98109
(206) 518-9335

1 origin. The packaging for the product, which contains extensive information printed information,
 2 contains no reference to the product's country of origin (*see* Exhibits B and C):

20 28. As noted in Exhibits B and C to this Complaint, Plaintiff has directly purchased, or
 21 directly arranged for the purchase of, Defendant's imported unmarked product, Tri-Built Synthetic
 22 Hybrid Roof Underlayment," in the States of Washington and Oregon, and has confirmed that, as
 23 delivered to the ultimate purchaser in the United States, neither the underlayment or its packaging
 24 is marked to show China as the country of origin as required by 19 U.S.C. § 1304.

26 29. Defendant and/or its agents and employees have violated the FCA, 31 U.S.C.
 27 § 3729 *et seq.*, by knowingly making, using, or causing to be made or used, false records and
 28

1 statements material to obligations to pay or transmit money or property to the Government, and by
 2 knowingly concealing and knowingly and improperly avoiding or decreasing obligations to pay or
 3 transmit money or property to the Government which is owed the government by operation of 19
 4 U.S.C. § 1304(i)..

5
 6 30. Had Defendant complied with the law, the country of origin of the products would
 7 be permanently and conspicuously marked and displayed on all imported products, including the
 8 subject roofing underlayments. Based on Plaintiff-Relator's specialized knowledge, experience,
 9 research and findings that Defendant's imported roofing underlayment is not marked, customs
 10 marking duties are owed to the U.S. Government arising from Defendant's systematic practice of
 11 evading and causing the evasion of certain payment obligations by material acts or omissions.
 12

13 COUNT ONE

14 31. Paragraphs 1 through 30 of this Complaint are reseatd and incorporated by
 15 reference, as though fully set out herein.
 16

17 32. Imported goods are subject to specific, non-discretionary import laws set forth in
 18 the Tariff Act of 1930, 19 U.S.C. § 1304, and associated regulations, 19 C.F.R. Part 134, requiring
 19 generally, that all imported merchandise or its packaging be "marked in a conspicuous place as
 20 legibly, indelibly, and permanently as the nature of the article (or container) will permit in such
 21 manner as to indicate to an ultimate purchaser in the United States the English name of the country
 22 of origin of the article." 19 U.S.C. § 1304(a).
 23

24 33. If an importer releases unmarked or improperly marked goods into the stream of
 25 commerce in the United States, the importer owes a duty of ten (10) percent ad valorem additional
 26 duty on all imported goods which are entered into the United States without being marked pursuant
 27 to 19 U.S.C. § 1304(a). 19 U.S.C. § 1304(i). This duty, known as a "marking duty," is deemed to
 28

1 have accrued at the time of importation and must be paid in addition to any other duty imposed by
2 law. *Id.*

3 34. If improperly marked goods are imported and discovered by customs officials, an
4 importer has three options: (i) re-export the unmarked goods; (ii) destroy the unmarked goods; or
5 (iii) mark the unmarked goods appropriately in accordance with 19 U.S.C. § 1304. *Id.*

6 35. In those instances where improperly marked goods enter the stream of commerce
7 in the United States, the marking duty is due, retroactive to the time of importation. 19 U.S.C.
8 § 1304(i). Imposition of the marking duty is wholly non-discretionary since, by statute, such duties
9 “shall not be remitted wholly or in part nor shall payment thereof be avoidable for any cause.” *Id.*
10 In setting forth this regulatory scheme, Congress specifically noted that marking duties “shall not
11 be construed to be penal” and are to be considered similar to any other customs duty owed. *Id.*

12 36. This is an action brought pursuant to the False Claims Act, 31 U.S.C. § 3729 et
13 seq., and seeks the recovery of treble damages and penalties.

14 37. By virtue of the acts described above, Defendant made, or caused to be made or
15 used, false records and statements material to its obligation to pay or transmit money or property
16 to the Government, and knowingly concealed and knowingly or improperly avoided or decreased
17 obligations to pay money to the United States Government.

18 38. By reason of Defendant’s acts and/or omissions, the United States has been
19 damaged, and continues to be damaged, in an amount to be determined at trial.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff prays that this Court enter judgment in its favor; and that this Court:

- A. Enjoin defendants from continuing to import merchandise of foreign origin which is not marked, permanently, legibly and in a conspicuous place, as required by 19 U.S.C. § 1304(a);
- B. Enter judgment against Defendant in an amount three (3) times the actual damages suffered by the Government as a result of Defendant's violations, together with a civil penalty between \$5,500 and \$11,000 for each violation of 31 U.S.C. § 3729;
- C. Award the Plaintiff-Relator the maximum amount allowed pursuant to 31 U.S.C. § 3730;
- D. Award the Plaintiff-Relator all costs of this action, including court costs and attorney's fees; and
- E. Award Plaintiff-Relator such further and additional relief as this Court may deem just.

NEVILLE PETERSON LLP

COMPLAINT EXHIBIT B

DECLARATION OF RUFUS AYLWIN

I, Rufus Aylwin, pursuant to 28 U.S.C. § 1746, and based upon my personal knowledge and information made known to me, hereby make the following declaration under penalty of perjury:

1. I am resident of the State of Oregon. I am engaged in the roofing business, and am engaged in the importation of roofing underlayment products which are manufactured in the People's Republic of China. I have familiarity with the roofing products market in the United States.
2. On June 9, 2018, I travelled to the Tigard, OR branch of Allied Building Products Corp. ("Allied"), with an address at 11440 S.W. Tiedeman Road, Tigard, Oregon 97223-4171.
3. I encountered promotional displays for Tri-Built roofing underlayment and other products at the Allied premises. Many Tri-Built products were displayed prominently in the store including a product called "Tri-Built Synthetic Hybrid Roof Underlayment" (hereinafter "Tri-Built Hybrid Underlayment"), which is depicted in the photographs appended as Exhibits A and B to this declaration.
4. The Tri-Built Hybrid Underlayment was prominently displayed in the sales area of the store.
5. Rolls of Tri-Built Hybrid Underlayment are quite large, weighing 40lbs. When unrolled, the product label indicates that the underlayment is 37.25" x 145", and covers 450 sq. ft. .
6. I purchased a single roll of the Tri-Built Hybrid Underlayment, which was placed in my car. See Exhibit C. A receipt for my purchase is appended at Exhibit D.
7. After making my purchase, reviewed the Tri-Built Synthetic Hybrid Roof Underlayment I had purchased the previous day and the photos I had taken.
8. I observed that the Tri-Built Synthetic Hybrid Roof Underlayment did not display the country of origin information required by 19 U.S.C. § 1304(a), which provides in pertinent part:

(a) Marking of articles. Except as hereinafter provided, every article of foreign origin (or its container, as provided in subsection (b) hereof) imported into the United States shall be marked in a conspicuous place as legibly, indelibly, and permanently as the nature of the article (or container) will permit in such manner as to indicate to an ultimate purchaser in the United States the English name of the country of origin of the article.
9. The Tri-Built Synthetic Hybrid Roof Underlayment is a product originating in, and exported from, the People's Republic of China ("China"). In this regard, I conducted an investigation which determined that this underlayment is manufactured in China at a

factory operated by Ningbo East Composite Materials, located in Zhejiang, China. I arranged to have photographs taken at that factory which show, on information and belief, the machinery on which the underlayment product is manufactured. See Exhibit E. This factory manufactures underlayment for a variety of companies. I further determined, through investigation, that the Chinese-origin Tri-Build underlayment is exported to the United States by Chunan Kaidun International Trading Corporation or China Electronics Zhejiang Corporation.

10. 19 U.S.C. § 1304(i) imposes non-discretionary "Additional Duties for Failure to Mark," providing:

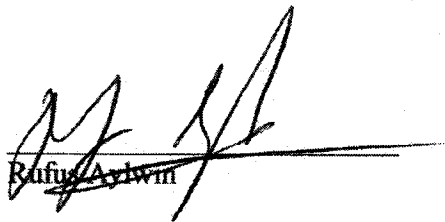

If at the time of importation any article (or its container, as provided in subsection (b) hereof) is not marked in accordance with the requirements of this section, and if such article is not exported or destroyed or the article (or its container, as provided in subsection (b) hereof) marked after importation in accordance with the requirements of this section (such exportation, destruction, or marking to be accomplished under customs supervision prior to the liquidation of the entry covering the article, and to be allowed whether or not the article has remained in continuous customs custody), there shall be levied, collected, and paid upon such article a duty of 10 per centum ad valorem, which shall be deemed to have accrued at the time of importation, shall not be construed to be penal, and shall not be remitted wholly or in part nor shall payment thereof be avoidable for any cause. Such duty shall be levied, collected, and paid in addition to any other duty imposed by law and whether or not the article is exempt from the payment of ordinary customs duties. The compensation and expenses of customs officers and employees assigned to supervise the exportation, destruction, or marking to exempt articles from the application of the duty provided for in this subsection shall be reimbursed to the Government by the importer.

11. Tri-Built's failure to mark the country of origin of the Tri-Built Synthetic Hybrid Roof Underlayment violates the clear language of 19 U.S.C. § 1304, and additional duties for failure to mark are due the government under 19 U.S.C. § 1304(i). On information and belief, Garder-Gibson/Gardner Asphalt Corporation is the Importer of Record of the subject merchandise and has withheld from the government marking duties owing on same.

I declare under penalty of perjury that the foregoing is true and correct.

DECLARATION OF RICHARD F. O'NEILL

I, Richard F. O'Neill, pursuant to 28 U.S.C. § 1746, and based upon my personal knowledge and information made known to me in the course of my employment, hereby make the following declaration:

1. I am an associate attorney with Neville Peterson LLP. I represent Plaintiff-Relator Rufus Aylwin ("Relator") in this action.
2. On July 24, 2018, I travelled to the Edmonds, WA branch of Allied Building Products Corp. ("Allied"), with an address of 7100 212th Street SW, Edmonds, WA 98026-7732.
3. I encountered several promotional displays for Tri-Built and other products immediately upon entering Allied. Many Tri-Built products were displayed prominently in the store including a product called "Tri-Built Synthetic Hybrid Roof Underlayment" (hereinafter "Tri-Built Hybrid Underlayment"). *See* Allied's Tri-Built In-Store Display, Exhibit A. Other products displayed alongside the Tri-Built Hybrid Underlayment included a product called "Tri-Built Synthetic 25" underlayment, and a product called "Safeguard 30" underlayment. *Id.*
4. Among all product displays at Allied, I observed that the Tri-Built Hybrid Underlayment was the most prominently displayed product in the store. Several rolls of the product were placed just adjacent to the store entrance and less than ten feet from the checkout
5. The rolls of Tri-Built Hybrid Underlayment are quite large, weighing forty lbs. When unrolled, the product label indicates that the underlayment is 37.25" x 145', and covers 450 sq. ft. Detailed pictures of the Tri-Built Hybrid Underlayment are appended as Exhibit A.
6. As I was reviewing the Tri-Built underlayment display and product labels, another shopper approached the counter and I overheard the details of his transaction. He purchased fifty rolls of the Tri-Built Hybrid Underlayment. *See* Exhibit A.
7. While in the store, I approached the counter and awaited service. A stack of informational/promotional folders for the Tri-Built Hybrid Underlayment product were prominently displayed. *See* Exhibit A. I took one of these folders. Product information was included therein along with a small sample of the Tri-Built Hybrid Underlayment. *Id.*
8. An Allied worker then assisted me at the store checkout counter. I purchased a single forty-lb. roll of the Tri-Built Hybrid Underlayment. *See* Exhibit C. The unit price of the Tri-Built Hybrid Underlayment was \$64.50, and I paid \$6.64 in sales tax, together totaling \$71.14.

Id. I was instructed not to take a roll of the Tri-Built Hybrid Underlayment from the store's display of Tri-Built underlayment products. *See* Exhibit A. I was directed to the shipping bay where I was greeted by an Allied worker who was operating a forklift. I provided my proof of purchase, and the Allied worker drove into the warehouse and returned with a single roll of Tri-Built Hybrid Underlayment.

9. The Allied worker helped me load the single roll of Tri-Built Hybrid Underlayment into my vehicle. I asked if the product was popular. The Allied worker responded affirmatively, noting that the Tri-Built Hybrid Underlayment had largely replaced the "Safeguard 30" underlayment (also sold by Tri-Built) as the industry leader in the region.
10. Once the single roll of Tri-Built Hybrid Underlayment was loaded into my vehicle, I observed the shopper mentioned in ¶ 6 as he was loading and securing fifty rolls of the Tri-Built Hybrid Underlayment on a flatbed truck. *See* Exhibit A.
11. On July 25, 2018, I reviewed the Tri-Built Synthetic Hybrid Roof Underlayment I had purchased the previous day and took additional photos. *See* Exhibit A. I also inspected the photos taken on July 24, 2018.
12. I observed that other Tri-Built products at Allied displayed on their label the products' country of origin information as required by 19 U.S.C. § 1304(a). *See, e.g.,* Tri-Built Synthetic 25 (displaying in tiny font "Made in India"); and "Safeguard 30" (displaying "Made in China"), at Exhibit A.
13. I further observed that the Tri-Built Synthetic Hybrid Roof Underlayment did not display the country of origin information required by 19 U.S.C. § 1304(a), which provides in pertinent part:

(a) Marking of articles. Except as hereinafter provided, every article of foreign origin (or its container, as provided in subsection (b) hereof) imported into the United States shall be marked in a conspicuous place as legibly, indelibly, and permanently as the nature of the article (or container) will permit in such manner as to indicate to an ultimate purchaser in the United States the English name of the country of origin of the article.
14. On information and belief, the Tri-Built Synthetic Hybrid Roof Underlayment is a product originating in, and exported from, the People's Republic of China ("China").
15. 19 U.S.C. § 1304(i) imposes non-discretionary "Additional Duties for Failure to Mark," providing (emphasis added):

(i) Additional Duties for Failure to Mark. If at the time of importation any article (or its container, as provided in subsection (b) hereof) is not marked in accordance with the requirements of this section, and if such article is not exported or destroyed

NEVILLE PETERSON LLP

3

or the article (or its container, as provided in subsection (b) hereof) marked after importation in accordance with the requirements of this section (such exportation, destruction, or marking to be accomplished under customs supervision prior to the liquidation of the entry covering the article, and to be allowed whether or not the article has remained in continuous customs custody), there shall be levied, collected, and paid upon such article a duty of 10 per centum ad valorem, which shall be deemed to have accrued at the time of importation, shall not be construed to be penal, and shall not be remitted wholly or in part nor shall payment thereof be avoidable for any cause. Such duty shall be levied, collected, and paid in addition to any other duty imposed by law and whether or not the article is exempt from the payment of ordinary customs duties. The compensation and expenses of customs officers and employees assigned to supervise the exportation, destruction, or marking to exempt articles from the application of the duty provided for in this subsection shall be reimbursed to the Government by the importer.

16. Tri-Built's failure to mark the country of origin of the Tri-Built Synthetic Hybrid Roof Underlayment violates the clear language of 19 U.S.C. § 1304(a), and additional duties for failure to mark are required under 19 U.S.C. § 1304(i), together with a civil penalty between \$5,500 and \$11,000 for each violation of 31 U.S.C. § 3729.

TRI-BUILT SYNTHETIC HYBRID ROOF UNDERLAYMENT

TRI-BUILT SYNTHETIC HYBRID ROOF UNDERLAYMENT

High quality roofing underlayment designed to shed water off your roof and away from your home or building

TRI-BUILT Synthetic Hybrid Roof Underlayment uses advanced technology, combining the best properties of traditional organic felts and synthetic products. This Hybrid Roof Underlayment advanced design creates a superior roof underlayment with faster and easier installation, as well as improved performance and durability.

- Higher strength & wrinkle free, even when soaking wet
- Extra tough & durable construction
- Withstands extreme cold & blazing desert heat
- Use in high wind areas where other products blow off
- Nail Sealable
- Greater uplift with fewer fasteners
- Lighter & Stronger for Faster Installation
- Exceeds ASTM D4869, D226 & D1970

TYPICAL PHYSICAL & PERFORMANCE CHARACTERISTICS:

Size	37.25' x 14.6'
Area	
Permeability ASTM E96	
Water Transmission ASTM D	
Tear ASTM D4073	
Breaking Strength ASTM D1	
Thickness (in) ASTM D17	
Net Mass (g/m ²) ASTM D52	
Temperature Range	
Pliability, ASTM D146	
Dimensional Stability, ASTM	
Cold Flexibility, -25 °C, 6 hr D	
Unrolling @ 32 °F & 140 °F A	
Nail Sealability, ASTM D1970
